Any and all feedback is appreciated, including bug reports, ideas for improvements, or your interpretation of what I'm trying to do. Thanks everyone for your help. This will most likely be the last mod that I do that needs help. I can't really do this myself at the moment. I will do my best to make this great again in the future. Please keep posting questions, comments, and suggestions. I only ask that you not post dlc information here unless it's a question. Thanks again.

of law in connection with a contract that provides for arbitration as follows: Where there is a disagreement between contracting parties as to the interpretation of a provision in a contract, the provisions for construction shall be applied by the arbitrators, at the arbitration, as if that provision was in the following form: The arbitrators shall also be the judges of the law, and the construction of the clause.
